

### MISSION:

Improve the lives of children and adolescents with cancer through global collaboration, medical care, education, training, research and advocacy.

### VISION:

Building platform for children's health right: Cure for more ,Care for all.

### OBJECTIVES:

- ★ To promote and organize voluntary blood donation services.
- ★ To coordinate with medical centers for the purpose of diagnosis and treatment of patients suffering from blood cancer and allied diseases such as leukaemia, thalassaemia, haemophilia etc.
- ★ To provide support services for the rehabilitation of patients and dependents.
- ★ To develop the centre for education and counseling.
- ★ To acquire, build, hire, maintain and run research laboratory and related facilities and equip them with amenities considered necessary for proper discharge of the functions of the Association.
- ★ To print, publish, exhibit and subscribe periodicals, books, pamphlets, posters etc. that may be considered for the desirable promotion of the objectives of the Association.

*"The effect of our work-restoring quality life-is profound. Children regain the ability and confidence to learn. Adults are able to continue to work and support their families. Communities shattered by loss of efficiency and effectiveness ushered a beam of hope and uplifted."*

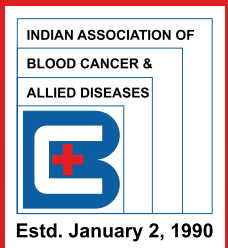

### INDIAN ASSOCIATION OF BLOOD CANCER & ALLIED DISEASES

*"We come with nothing, we go with nothing but one great thing we can achieve in our beautiful life is , a little remembrance in someone's mind and a small place in someone's heart!"*

**Dr. A. P. J. Abdul Kalam**

*" We consider, It is an enormous privilege to care for people at a very vulnerable stage in their lives with a very difficult disease. It also is a challenge for all health care providers and well wishers of Suffering humanity."*

**Amalendu Pal** ,  
President  
Indian association of Blood Cancer & Allied Diseases

Cancer is the second most frequent disease related cause of death and is one of the most strongly feared diseases in India. Cancer can be seen as not one disease but hundreds of different diseases that can affect nearly any part of the body. It is an uncontrolled increase in the number of one particular type of cell in the body. Cancer diagnosis whether blood cancer or other cancer comes as a terrible shock and be a very frightening experience for the individual concerned and for those who love and care for them. We at IABCD Blood Centre follow comprehensive care with multidisciplinary approach both for oncologic care and blood disorder and driving forward patient oriented cancer research to address cancer in a targeted and successful way.

THE ASSOCIATION

Indian Association Of Blood Cancer & Allied Diseases is a registered, voluntary, national level, medical support service organization, dedicated to provide medical, education, counselling and other rehabilitative services to improve the quality of lives of children suffering from blood cancer ie, leukaemia and other blood diseases like thalassaemia, haemophilia etc.

The association(IABCD) is registered under West Bengal Societies registration Act, 1961 with No.S/63715 of 1989-90.Donation made to IABCD is exempted under section 80G of Income Tax Act,1961 with No.AAAA10249F20214 dated28.05.2021 valid from AY2022-23 to AY2026-27 issued by DIT(CPC).
